APPRECIATION AND REMARKS

Tanzania Catholic Directory is compiled regularly by The TEC Communications Directorate to serve those who may be searching for addresses and other information concerning parishes and individual pastoral workers in Tanzania, as it helps readers have a quick glimpse of the church in Tanzania.

The Bishop Secretaries with the help of other pastoral workers were charged with the responsibility of providing all relevant information for this directory. If, therefore, some information is missing, it is simply because it was not provided by those mandated to do so.

The TEC Communications Directorate is grateful to all those who committed themselves to the assignment of providing information for the directory.

Directory is never meant to be a permanent document as its information is subject to change regularly. Nevertheless, it is important for those involved in collecting information to have the courage to keep on renewing the present directory throughout the year so that when such information is required will be readily provided.

Rt. Rev. Eusebius Nzigilwa
Chairman of Communications Committee-TEC

Short Profile of Diocesan Bishop

The most Rev. Isaac Amani was born on 10th June 1951 at Mango village, Moshi Diocese. He was ordained a priest on 29 June 1975. He was installed Archbishop of Arusha Archdiocese on 08th April 2018.

A short profile of the Archdiocese of Arusha

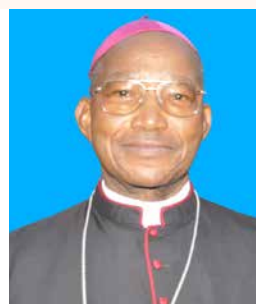

The Evangelization work in the Diocese started when the Holy Ghost Fathers of the then Vicariate of Kilimanjaro opened a Mission Station at a place known as Mesopotamia in 1926. This Mission Station developed into the present day St. Theresa Parish. In 1939 another Mission out-station was opened at Usa River and was followed by another one at Monduli in 1953. In 1961, a mission station was opened at Emboreet in Simanjiro situated at a distance of 110 kms South of Arusha town. The following year i.e 1962 another Mission Station was opened further south at Kijungu - 420 kms away from Arusha town. At this juncture, the entire area which was now known as the Diocese of Arusha, was demarcated by the Missionary tours from Mesopotamia in the centre of Arusha town to Usa River in the East, Monduli and Loliondo (North Maasai) in the North West and Simanjiro Emboreet, Kibaya and Kijungu (South Maasai) in the South. In 1963, Arusha was canonically instituted a Diocese under the leadership of the American Holy Ghost Fathers. The late Rt. Rev. Bishop Dennis Vincent Durning who had pioneered the Missionary Centre of Loliondo was appointed the first Bishop of Arusha in 1963.

The Catholic Diocese of Morogoro has started officially in 1953 and before it was known as the vicariety of Bagamoyo. So Christianity was brought by the Holy Spirit missionaries in 1868 when they first arrived and laid the cross at Bagamoyo. From there they spread across Morogoro until March 1953 when it was recognised as the Catholic Diocese of Morogoro by Rt. Rev. Bernard Hilhorst the first bishop of the diocese.

It covers 43,380 square kilometers in length. The diocese has since been led by the following bishops, Bishop Bernard Hilhorst 1934-1954, Bishop Herman V. Elswijk 1954 - 1957, Bishop Adrian Handbag 1967 - 1993, and Bishop Telesphor Mkude 1993 - 2019.

SHORT PROFILE OF THE DIOCESE OF SAME

Background Information

The Diocese of Same was started as a Prefecture of Same on 10th December 1963 under the leadership of **Very Rev. Msgr. Henry Winkelmolen, CSSp.** On 3rd Feb. 1977 the Prefecture of Same was raised to the level of a Diocese still under Msgr. Henry Winkelmolen up to 1979.

On 13th June 1979 **Rt. Rev. Josaphat L. Lebulu** (Currently the Archbishop Emeritus of the Archdiocese of Arusha), was consecrated as the first Bishop of the Diocese of Same up to 1999.

He was succeeded by **Bishop Jacob V. Koda**, (now the Bishop Emeritus) who was consecrated on 1999 as the second Bishop of the Diocese of Same up to April, 2010.

The Diocese has 84 Priests: 73 are Diocesan Priests, 7 are Religious Missionary Priests, 4 Diocesan Priests from Mangalore diocese in India. 16 Religious Brothers, 123 Religious Sisters and 140 Catechists. We have 29 parishes, 4 Sub-parishes and there are 66 Outstations.

The Catholic Diocese of Same celebrated

her **Centenary Jubilee** (100 years) in 2009, since the Holy Ghost Fathers began the work of Evangelization as Missionaries in the Diocese in the Year 1909.

In order to continue building the Mystical Body of Christ within the Diocese prepared a Diocesan Strategic Plan to give direction to all the activities of the Diocese.

The Catholic Diocese of Same extends over two Districts of SAME and MWANGA. It is situated in the North-eastern part of Tanzania, south of Mount Kilimanjaro. A large part of the Diocese is surrounded by Pare Mountains. These mountains are densely populated, inhabited mostly by small scale farmers (mainly the Pare people), whereas, the surrounding plains are inhabited by pastoralists (mainly the Maasai people). The plains are very dry and semi-arid, thus, a severe lack of water is a common phenomenon in Same and Mwangi. The population of the two Government Districts is 401,249 people (censuses of 2012). The Catholic population is about 31,000 people. The Diocese covers 10,800 sq. kms.

A big fraction of the population in the two

Districts of Same and Mwanza is composed of other Christian denominations such as Lutherans, Seventh Day Adventist and Pentecostal groups. The followers of African traditional religions make up 20% and Moslems are about 25% of the population.

The vision and mission of the diocese dates back to the first Diocesan Synod in 1987-91 which came up with a philosophy of “integral development” of the people, by giving attention to both the spiritual and material well being of the Diocese and the social milieu where the people live. Thus, the Diocese embarked on setting up structures which would facilitate its pastoral and developmental net-work operational and implantable, regardless of race, colour, tribe or religion. In fact that is how the idea of the Pastoral and Development center came into being. In 2010 we revisited our Vision during

our strategic Planning and we drew up a new Vision and Mission in the content of “**New Heart, new Spirit**” and “**A family of God guided by Gospel values committed to sustainable Pastoral and social economic Development in the light of “New heart and new Spirit”**”.

Location

The Diocesan headquarters is located in Same Township, approximately 115 kilometers from Mount Kilimanjaro, the highest mountain in the African Continent. It is situated along Arusha- Dar-es-Salaam road approximately 280 kms from Arusha and 600 kms. to Dar-es-Salaam.

Short profile of diocese

The Diocese of Singida, created in March 25, 1972, is part of the savannah plateau of central Tanzania. It is situated between latitude 4° south to latitude 7° south. It lies north of the central railway line extending to the Great North road in the East and Wembere Swamp in the West. The Eastern arm of the Great Rift Valley is on both sides of the territory. There are 29 political Regions in Tanzania. There is always a temptation of identifying the diocese with the Region. As for Singida Diocese this is not quite accurate. The Diocese is a little bit larger than the Region. There are 6 political districts in the diocese: Iramba, Singida Urban, Singida Rural, Ikungi, Mkalama and Manyoni.

Singida Diocese is situated within Singida Region, in northern central Tanzania – East Africa. It stands at a distance of 720 km from Dar es Salaam (via Dodoma); 232 km from Dodoma the capital city of Tanzania and 335 km from Arusha.

Since 1972, the Diocese of Singida has endeavored to enhance integral development of society. Evangelization is complete only when body and soul are

cared for.

Tanzania has a total area of 942, 018 sq.km. This diocese is approximately 49,341 sq. km. The population of the diocese is estimated at 1,348,523 with a total of about 170,318 Catholics. The total number of people baptized in the Catholic Church in 2011 was 4,446

The density is clearly typical of the dry savannah and its distribution is fairly uniform. There is however, a somewhat greater population concentration in Singida and Iramba districts as compared to Manyoni. Most people live in villages. However, most people rush to district towns which are the major trade and administrative centres.

The biggest group in the diocese is the Wanyaturu. Other groups include the Wanyiramba, Wanyisanzu, Wagogo, Wataturu, Wasandawi, Wakimbu, Tindiga, Hadzabe, Barbaig, Sukuma and Wairaki. Each ethnic group has its own language. Swahili is widely spoken. Relatively few speak English; about 98% of the people are agriculturalists and pastoralists. Traders, technicians and administrators form about 2%. Chief food crops are maize, millet and sorghum, sweet potatoes and cassava. Cash crops are tobacco, groundnuts, sunflower, cotton and some grapes.

Singida (Diocesan Headquarters) is at an altitude of approximately 1500 meters above sea level. Iramba descends to 2,000 ft. The highest wind velocities in the country are recorded in Singida (Kititimo). Singida Region is part of the semi-arid centre of Tanzania with an average annual rainfall of 600mm. Tradition has it that November to April is the Wet Season however rainfall is erratic, and drought conditions are experienced almost every the other year.
